Raesa Ganey

Thesis Title: *Biplots based on principal  
surfaces*

Raesa Ganey completed her BSc at the North-West University in Potchefstroom in 2011, then continued her studies in Statistics at UCT, where she completed a BCom(Hons) in 2012 and an MSc in 2014.

Raesa Ganey's thesis links methods in Multivariate Data Analysis and Visualisation techniques, to create a new concept called a Principal Surface Biplot. The biplot is constructed by replacing the biplot plane in standard biplot literature with a surface that approximates the data more closely, a principal surface. As data visualization is an effective means to communicate statistical results, the principal surface biplot allows for the visualisation of objects together with the variables or characteristics that are observed. She extended the methodology to allow for accurate representation of nonlinearity in data, which is often a truer reflection of reality. The methodology allows applied researchers to visualise

*Welcome, Wamkelekile, Welkom – today is not the end of your relationship with the university but the beginning of a new phase in your continuing relationship with UCT, one that you share with the UCT community of over 100 000 alumni.*

*Diverse as this community is, the shared experiences of a critical academic ethos and a spectacular campus make for a strong network that has a wide footprint, not only in South Africa, but across the continent and the globe.*

*We set a great store by our links with our alumni, and indeed the links alumni have with each other. We promise that we will be in touch, and ask you in turn to let us know not only your current contact details but also, from time to time, something of your lives and where you are in your careers.*

*Updates can be done on the web – <http://www.uct.ac.za/dad/alumni/update/>  
- or by writing to the Alumni Office, UCT, PB X3 Rondebosch 7701  
or by contacting us on (27) (21) 650 3746.*

*Your alma mater looks forward to welcoming you back,  
whether to a public lecture, a leadership forum, your class reunion,  
or just an informal call!*
